GHANA STANDARDS AUTHORITY
PUBLIC NOTICE
CERTIFICATION TO MANAGEMENT SYSTEM STANDARDS

The Ghana Standards Authority (GSA) wishes to bring to the attention of all stakeholders and the general public that its Management Systems Certification Department is a third-party Certification body (CB) that carries out Management Systems Certification Services for organization seeking certification for their management system.

The Department is accredited to ISO/IEC 17021-1 by Deutsche Akkreditierungsstelle GmbH (DAkkS), a German accreditation organization. The scope of accreditation is ISO 9001 under EA 12: (Chemicals, Chemical Products and Fibres) and EA 14: (Rubber and Plastic Products).

The department also offers certification in these areas:

- ISO 9001 (QMS) - Quality Management System
- ISO 14001 (EMS) - Environment Management System
- ISO 45001 (OHSMS) - Occupational Health & Safety Management System
- ISO 22000 (FSMS) - Food Safety Management System
- HACCP - Hazard Analysis and Critical Control Points

Management Systems Certification bring along the following benefits amongst others:

1. Compliance with legislation
2. Increased competitiveness (both locally and internationally)\
3. Optimisation of resources
4. Enhanced company image and increased market share
5. Increased due diligence
6. Involvement of all workers
7. Improved Revenue
8. Improved Documentation

Applications are, therefore, invited from interested entities especially, **Manufacturers, Banks, Insurance Companies and Media Houses** that would like to receive certification to the afore mentioned **Management System Standards** and become more competitive worldwide.

The Ghana Standards Authority Systems Certification Scheme is the number one choice for System Certification in Ghana. GSA has assisted a number of Ghanaian Companies to sign on to its Management Certification Schemes.

Application forms are available at:
The GSA Systems Certification Department
